Brand Central Launch

In an effort to make the Hunt Corporate Communications marketing materials more accessible to all employees, we have created a new feature on the Hunt Intranet: we call it Hunt Brand Central. Brand Central is your one-stop for all Hunt communications, branding and marketing materials shop for all things Hunt – from the Hunt Online Store, to the Image Library, Hunt logos as well as Hunt Brand Policy and Procedures (and much more), Brand Central has it all. With a link on the right hand side of the Intranet homepage (<http://employee/>), it is our hope that this will save employees time when looking for various brand-related items. Should you need any assistance or have any questions or comments, please contact Stephanie Sierra. Please take a moment and browse the different options available to you through Brand Central - http://employee/brand_central.sstg
