Defense's Military Spouse Employment Partnership (MSEP) program

Hunt is proud to have been selected as a partner in the Department of Defense's Military Spouse Employment Partnership (MSEP) program. MSEP is part of the Department of Defense's broader Spouse Education and Career Opportunities, or SECO, initiative, which seeks to strengthen the education and career opportunities of military spouses. As a partner in this program, Hunt will get first access to a unique and talented group of professionals – military spouses. The partnership is a solution to assist spouses in finding and maintaining employment to achieve their career goals, despite the challenges of frequent relocation. MSEP seeks to ensure spouses have the opportunities and connections they need to obtain a satisfying career and receive wages commensurate with their level of training, work experience, accomplishments, and credentials. MSEP currently has more than 540 partners, who have hired more than 220,000 military spouses.
